

# Manuals

## Patients:

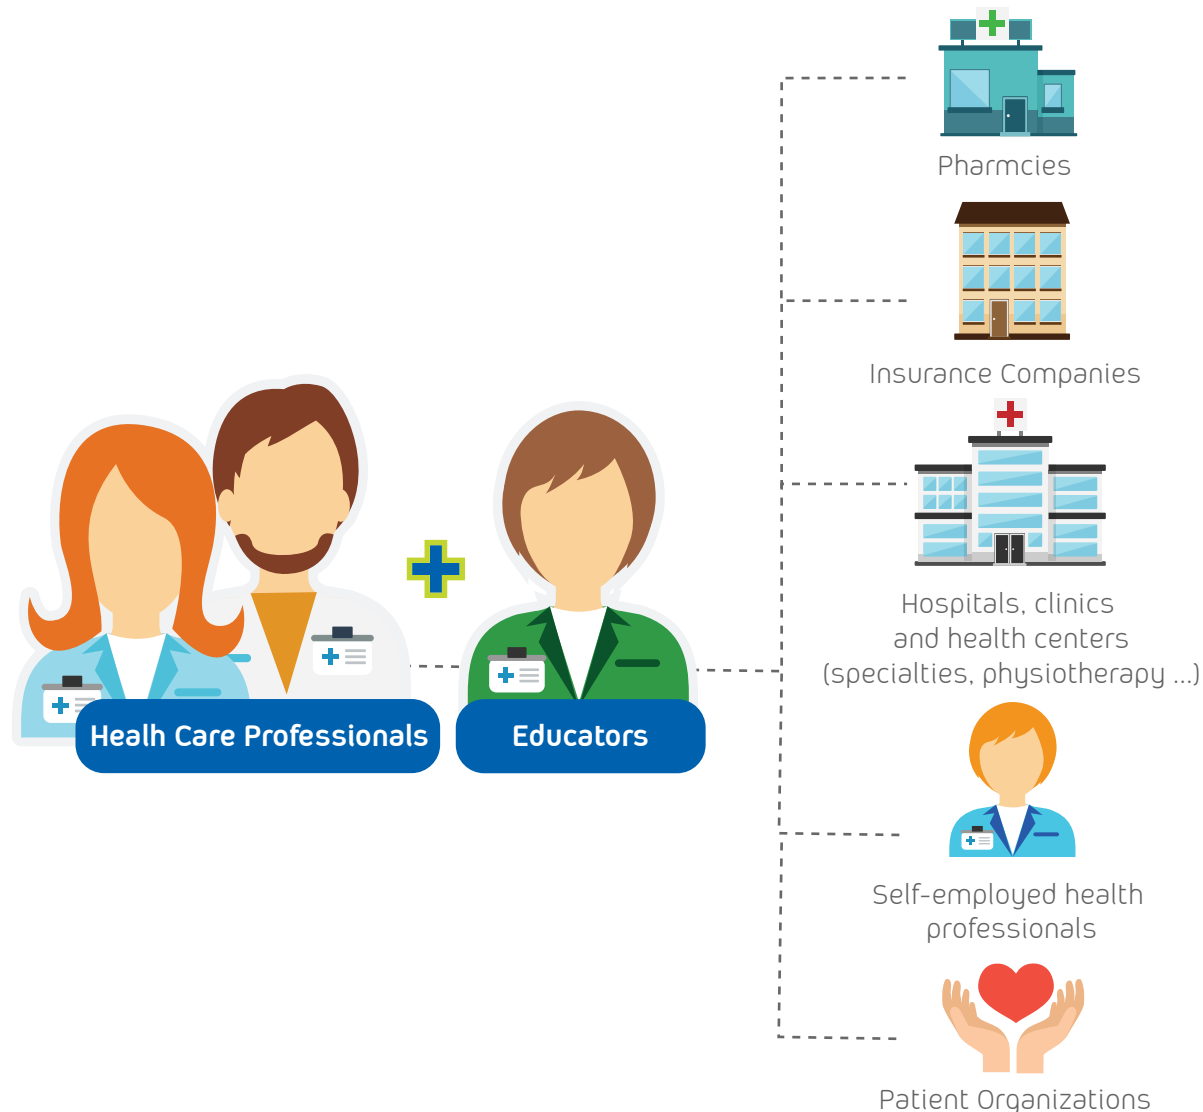

Using the HappyAir platform  
& service

# How to join

**Lovexair provides access & service support to HappyAir platform for : Healthcare professionals, hospitals, clinical centers, pharmacies , researchers & patient organizations that want to offer Comprehensive Care Plans.**

If you belong to an organization already linked to the Lovexair Foundation through an existing Collaboration Agreement they will register you, so that you can access the platform.

The online process is agile and simple, call or contact your organization or email us if you need more information. [admin@happyair.org](mailto:admin@happyair.org)

# First Steps

1

Go to [happyair.org](https://happyair.org) for general information about the HappyAir Ecosystem, details on clinical validation and the benefits of using this service , depending on your user profile.

2

Entra en [happyair.org/que-es-happyair/unete-a-happyair/](https://happyair.org/que-es-happyair/unete-a-happyair/) and complete your personal data & [consentment form](#) which is obligatory according to [GDPR legal compliance](#)\* requirements, for clinical & health data.

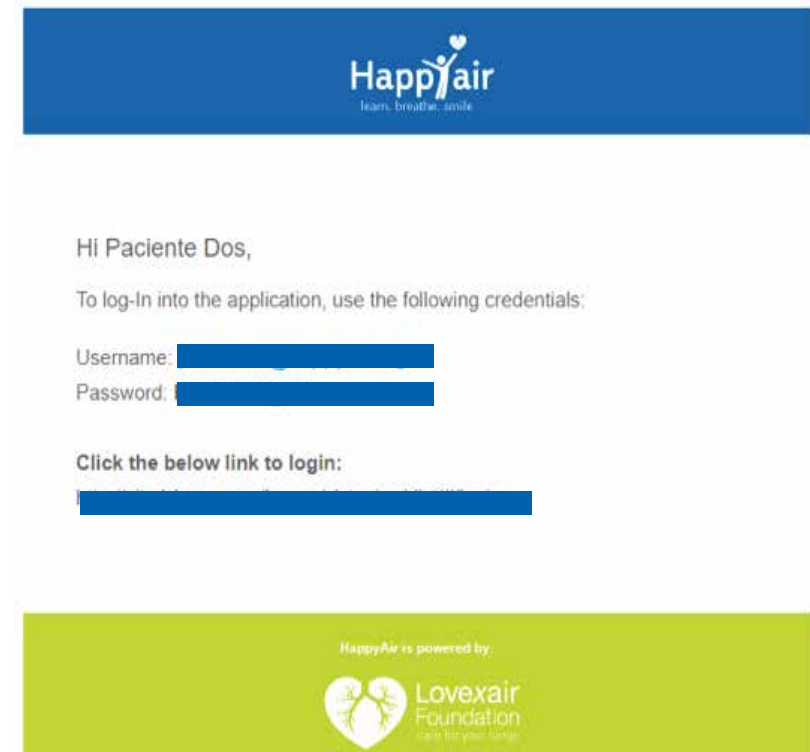

3

Our team will contact you, to offer you all the necessary information, [next steps](#) and payment (if required).

# Check your email

**We will then send you your access data to the platform in addition to the help manual.**

**Once you are registered, our educator and support service is available to address and practical or technical issues you may have when starting to use the service.**

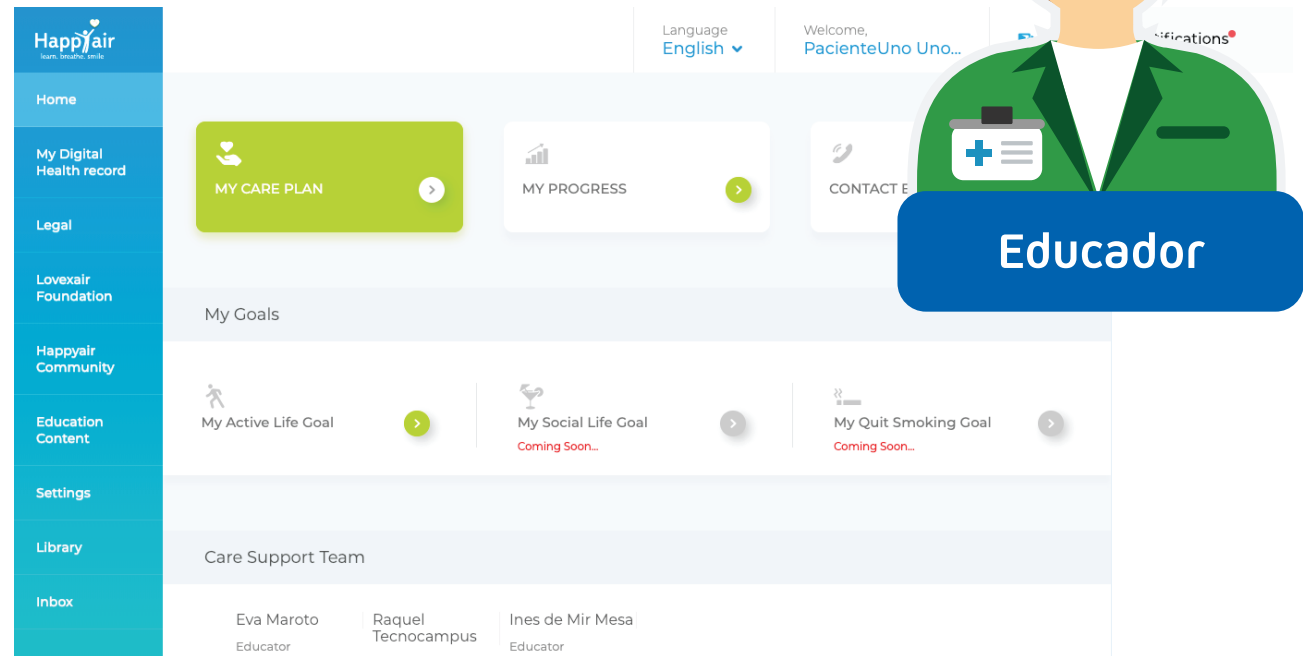

# Your educator

**Welcome to our platform,  
you already have your  
Happyair educator, a  
health professional  
specialized in respiratory  
health and active life!**

## **She/he will help you to:**

- Seguir tu programa de cuidados diarios.
- Resolver tus dudas y consultas.
- Ampliar el conocimiento que tienes sobre tu patología respiratoria, y aumentar la confianza en ti mismo para abordar tu enfermedad con una mayor calidad de vida.

# All set!

**You can now start your Personal Care Plan.**

**Contact your educator via the platform, in your organization or with Lovexair team, whenever you need : when travelling, at work or college.**

**Our aim is to help people taking control of their lives and sharing relevant information with their healthcare professionals, when needed.**
